

# Spain triathlon intelligent batteries

Who makes triathlon batteries?

For several years now, Triathlon Batterien GmbH has been producing battery systems based on the pioneering Lithium technology. TRIATHLON's Lithium-Ion Battery Systems are developed and designed for safe and reliable use in electric industrial trucks.

What is triathlon's lithium-ion battery?

TRIATHLON's Lithium-Ion batteries are made up of Lithium-Ion cells that are assembled into modules which provide the required voltages and Ah capacities. We offer complete battery systems in all standard battery voltages. The battery system meets the highest safety requirements.

What makes Sunlight Spain a leader in the battery market?

Spain's battery market is a strategic focus for us. With government policies supporting clean energy, Sunlight Spain aims to lead the market within three years and expand into Latin America. Our new warehouse in Madrid underscores our commitment to excellent logistics and customer service.

Why should you use triathlon's batteries for electric lift trucks?

TRIATHLON's batteries of the TPzS product line ensure safe and reliable power for electric lift trucks. With the TRIATHLON's TPzS A (X) AQUA save battery line, you can increase your productivity and lower your operating expenses through reduced watering intervals.
