

Who is Nijhuis Saur industries?

Nijhuis Saur Industries provides solid and adaptive solutions for sustainable and resilient water use, energy and resource recovery for Light and Heavy Industries, Utilities, and Commercial Buildings around the world. Our mission is #MissionWater.

Does Saur own Nijhuis industries & unidro?

Saur confirms completion of its acquisition of Nijhuis Industries, the Dutch leader in industrial water treatment solutions, initially announced on June 18 this year. The Saur Group will now bring Saur Industrie, Unidro and Econvert together with Nijhuis to form its new Industry Division.

Who is Nijhuis industries?

SAUR announces the acquisition of Nijhuis Industries, a leading Dutch group specialised in advanced industrial water and wastewater treatment solutions with a worldwide footprint. Nijhuis Industries will bring SAUR's Industrial Water activities to a step-change level with total annual revenues of about EUR200m, technological edge and global presence.

Will Saur industry merge with Nijhuis?

As a result, Saur Industrie, Unidro and Econvert will gradually merge with Nijhuis over the coming months to create the new Industry Division with effect from January 2021. It is therefore clear that this strategic investment by the Saur Group puts industry at the heart of its growth model.

The Mobile Water Solutions division is now the global mobile water services platform of Nijhuis Saur Industries (NSI). The combined and modern MWS fleet boasts an asset base of around 500 mobile units, seven depots and multiple ion exchange regeneration stations and maintenance centers in Europe, where 50 million liters of resins are regenerated annually.

The acquisition marks a significant milestone in the expansion of NSI Mobile Water Solutions" fleet and further strengthens Nijhuis Saur Industries" position in the Industrial Water market segment as one of Europe's leading providers of mobile water services. The company"s fleet of mobile water treatment solutions is already one of the largest and youngest ...
