With new evidence of the value of wind power on the Isle of Man, could this natural resource meet all our needs? We asked the experts at ESC (Energy & Sustainability Centre Isle of Man) for their view.

The energy sector is changing. We're having to re-evaluate our fundamental offering and consider how we contribute to a future that is greener, cleaner and better. Living in island communities amplifies this responsibility, as we can plainly see and imagine the impact that climate change is having on our coastlines, valleys, towns and wildlife.
