

If you do not need the solar system to power all your home appliances temporarily, it is also a smart choice to consider using solar AC units. It will save on your electricity bill. Air conditioning seems to have become a necessity for modern households, accounting for 20%-30% of the total electricity bill. In summer or winter, you can use air conditioning to keep your home comfortable.

ALASKA INVERTER AIRCO 18000BTU 220V-60HZ - ALACAF-182-INV 17. Alaska inverter split unit airco inclusief installatie pijp kit.
