

The rear trunk locker can be laid flat

We like the Mazda CX-5 for its sleek styling and enjoyable driving dynamics. This SUV's fold-flat seats make it pretty handy, too, with a 40:20:40 folding second-row seat that lets you configure it ...

Yes, you can install solar panels flat, but they will experience a degree of energy loss without the slightest inclination towards the sunlight. ... Well, that is the essence of this article - you'll not only know if solar panels can be laid flat on ...

The rear seats can be folded to provide even more space, up to 75.8 cubic feet, and numerous storage pockets and compartments are fitted throughout the cabin. With its well-rounded package of attributes, it's no ...

Bose speakers are the way to go, no doubt about it. Worth the extra. I dunno what others are saying, buy the seats lay perfectly flat. I have already put my self inflating car mattress in, and it ...

Your idea of foam blocks is great, and would likely cut down on rear wheel noise as well. If you never have rear seat passengers, removing the rear seats is not difficult either. Removing just the seat backs (or just one) ...

Yes, you can lay a LED TV flat in its box for storage or transport. However, there are a few things you need to keep in mind in order to do so safely. First, make sure that the box is big enough ...

This same adjustable floor allows the rear seats to lie totally flat when they're folded down, which they do in a 60:40 split. Interior storage is good too. You get a useful shelf ahead of the gearlever which is ideal for holding ...

Feet touch the trunk and can't stretch. Kind of jealous Reply reply ... 2015 Prius (Two) seats do lay flat, if by "flat" you simply mean "no change in angle from front to back." But I noticed that it ...

Transport your flatscreen TV the right way. Whether you're picking up a used flatscreen TV or buying one new, be sure to set it vertically in your vehicle, right side up, with ...

Additionally, the rear seat bottoms nestle in the rear passenger footwells when folded up, which detracts slightly from available "flat" floor space. The solution is simply to ...
