The VIEO believes that the new Virgin Islands Solar for All Program has the power to transform the

territory"s residential energy landscape, addressing residents" high electricity costs while...

The U.S. Environmental Protection Agency will send \$62.45 million to the territory for residential community solar and power storage projects, federal officials announced Monday. Awarded through the Solar for All grant program, the funding is meant to allow the Virgin Islands Energy Office to develop long-lasting solar programs that enable low ...

Ratch Australia has a portfolio of 1.2GW of renewable energy projects and gas-fired power stations since it arrived in Australia in 2011. The Morwell solar farm is its second solar asset in the country, adding to the operational 42.5MW Collinsville Solar Farm in Queensland.

Morwell National Park is located in the West Gippsland just south of Morwell in the Strzelecki Ranges on land originally occupied by the Woollum Woollum clan. The park contains remnant wet sclerophyll and temperate rainforest with diverse flora and fauna that was once widespread across south-eastern Australia. There is a great network of tracks and facilities with picnic ...

The Morwell Centenary Rose Garden is one of the world"s premier rose gardens, proudly showcasing over 3500 roses within a one hectare scenic park-like setting at the edge of the CBD. Climbing roses create walls of colour and perfume, while below garden paths wend their way through perfumed beds of Hybrid Tea, Floribunda and Austin roses.

Winton solar farm, developed by Fotowatio Renewable Ventures, has now been commissioned and contributes cheap, renewable solar power to Victoria"s electricity grid. Winton supplies power to 52,000 homes and generated 200 jobs during its construction, bolstered by the state government"s first round of the Victorian renewable energy target ...
