Here are 5 ways for you to get the most out of your solar panels: Keep your solar panels out of the shade. Even though solar panels are clever enough to create energy without being in direct sunlight, more sunlight means more electricity. Be mindful of trees that grow or any objects that could block your solar panels light source.

Cuba authorized this Wednesday the non-commercial import of photovoltaic systems, their parts and pieces, free of customs duties, by individuals. The regulation aims to increase the participation of individuals in ...
