What is Windmar Solar & Roofing?

Windmar Solar & Roofing is a company with more than 20 years of experience in energizing homes and businesses in Puerto Rico and Florida through renewable energy. Our team of highly trained professionals guarantees the best service in solar photovoltaic systems and other solar energy alternatives. Trust the experts and join Windmar Solar + Roofing!

Does windmar install solar panels in Florida & Puerto Rico?

WindMar installs solar panels in Florida and Puerto Rico. Their long track record in these areas can be an advantage when acquiring permits and navigating local bureaucracy. WindMar installs quality panels, batteries, and inverters, which are some of the most popular models in their category.

Does WindMar have solar panels?

WindMar uses solar panels, but the specific type may depend on the location, such as Miami-Dade County, due to permitting requirements. For batteries, WindMar opts for Tesla Powerwall, which is a leading battery in the industry and known for its performance.

Where does WindMar install?

WindMar installs in Florida and Puerto Rico. The installation process is pretty typical for the industry. If you're interested in a quote from WindMar, you can start at its website or with a phone call. From there, a WindMar representative will visit your home to provide a more detailed estimate.

Does windmar offer a warranty on solar panels?

Customers who finance or lease with WindMar's partner Sunnova can sign up for Sunnova Protect, a program that covers repairs and offers proactive monitoring of WindMar's solar panels and extends the weatherization warranty to 10 years. Carefully read the details of any long-term agreement before signing it.

Does WindMar offer a Powerwall 2?

WindMar currently installs solar systems with microinverters from Enphase, but they have announced a new, more powerful Powerwall model that will be available in 2024. The current Powerwall 2 comes with a 10-year warranty that guarantees at least 70% of its capacity after that span.

We have more than 20 years of experience energizing both homes and businesses in Puerto Rico and more recently in Florida, through renewable energy. Our team of highly trained professionals guarantees the best service ...
