Based in Overland Park, Kansas, Zenernet is a residential solar energy startup with a mission to "accelerate energy independence for all." Despite being a relative newcomer to the solar power industry, the company appears to be positioned for success, expecting to achieve \$4 million in revenue by the end of 2019.. The Zenernet Experience

Similarly, Niue's largest solar array (near the hospital) requires some inverters to be replaced. These are on-island, and replacement work will be carried out in the next few weeks. At this point, we will be able to bring a sizeable portion of solar back on the grid and reduce diesel consumption from running the generators full time.
